## MCIR Updates

- Site Re-Enrollment PDF** auto-fill data issue has been corrected. (Ref. #2212)
- Automatic Provider MCIR Renewal Email** text has been updated. Content and links are included for the user to access resources to successfully complete this process. (Ref. #2246)
- An issue with the Complete button on the **Balance Inventory worksheet** has been resolved. When the current date is entered on the Dose Count, the **Completed** button should not become available until the following day, even if all lots are balanced. (Ref. #1034)
- Actual Duplicates were being flagged as Not Duplicates by DBA Scheduler. (Ref. #1043)
- PHBPP - Guidelines for Under 2000g Birth Weight to Provider Letter** has been updated to display the office name on first line in address field versus the physician's name. (Ref. #1258)
- School/Childcare Custom Letter** template footer has been corrected so Vaccination Box is properly displayed. (Ref. #1734)

- The **Medicaid Profile Report by County** has been updated and is showing correct totals. (Ref. #2051)
- **MCIR Overdue QI Report** issue causing an error when attempting to process the report has been resolved. The Overdue patients report is now working properly to identify individuals that are overdue for specific vaccines. (Ref. #2236)
- **Missing Nonmedical Waivers from Merged records** will be restored. Permanent fix is in progress. (Ref. #2347)
- **Uploading the NBS linkage file** now properly processes. An issue with address cleansing was causing this to fail. (Ref. #2359)
- An issue has been addressed for **Childcare Centers added to MCIR/SIRS after May 1st**. The State is still on October 2022 reporting period. Childcare Centers added after May 1, 2023 on LHD reporting period is October 2023. Report Number and Compliancy was blank and errored in the system. (Ref. #2366)
- An **HL7 message** issue has been resolved. The **County is now properly populating**. All affected records have been updated. (Ref. #2382)
