## General (3 items)

- Merged record retains Non-Medical Waiver** - A permanent fix was implemented for the Person merging/deduplication logic to retain attached LHD Non-Medical Waivers. A scan will be done to ensure all merged records with waivers are correctly attached. (Ref. #2153)
- PCV13** - MCIR now supports entry of historical PCV13 dose. (Ref. #2301)
- PCV20** - MCIR now properly processes HL7 messages with PCV20 doses to display on the person record and deduct from inventory. (Ref. #2446)
