

HOW TO USE THE MICHIGAN IMMUNIZATION PORTAL

Android Tutorial

If you have been immunized in the State of Michigan, you may be able to download your Immunization Record from the Michigan Care Improvement Registry (MCIR).

START HERE: [Visit Michigan Immunization Portal](https://iimmportal.state.mi.us)

Need Help using MiLogin? Contact DTMB Client Services 1-877-932-6424

Need Help with MCIR? Contact MCIR Help Desk 1-888-243-6652

Who Can Use the Michigan Immunization Portal?

- You must be **18 years of age or older**
- You must have or create a **MiLogin Account**
- You must upload an image of either your valid **US Passport, Driver's License, or State ID**
- Your **Name** and **Address** on your ID must match what is in MCIR to access your record
 - If your information has changed, complete a [Request to Change Information](#) form and return to MDHHS-MCIRHelp@michigan.gov or fax to 517-763-0370
 - Passports and out-of-state licenses can be used for non-Michigan residents if the address entered in the portal matches the address in MCIR.

For more information on how to get an immunization record copy for someone under 18, an out-of-state resident, or to get a copy without using the portal, please see [page 20](#).

Need Help with MCIR? Contact MCIR Help Desk 1-888-243-6652

Before Using the Portal

- Before using the portal, take a picture of your US Passport, Driver's License or State ID.
- Take the picture in an area with bright light and hold the camera steady to get a clear image showing all 4 corners.
- Save the picture in an easily accessible location.
- The portal will **not** accept expired IDs.

Using the Michigan Immunization Portal

Have a MiLogin account?

Enter your **User ID/Email** and **Password**.

Check the box next to “I’m not a robot”.

Click **Log In**.

***Note:** MiLogin is also used for Secretary of State Online Services, MI Bridges, Unemployment/MiWAM, and more. If you have an existing account from one of these programs, it can be used here.*

Need a MiLogin account?

Click **Create an Account**.

Skip to [page 13](#) if you have an existing account.

The screenshot shows the login page for the Michigan Immunization Portal. The browser address bar displays 'milogin.michigan.gov/ea'. The page content includes a 'Welcome to MiLogin' header, a 'User ID or Email' input field with a 'Lookup your user ID' link, a 'Password' input field with a 'Forgot your password?' link, an 'I'm not a robot' checkbox with a reCAPTCHA logo, a 'Log In' button, a 'Create an Account' button, and an 'Enrolled in passwordless?' section with a 'Log In Passwordless' button. A footer note states: 'If you are not enrolled, login with your user ID (or email) and password and we will guide you through the enrollment steps.'

If you already have a MiLogin account, sign in here.

If you need to create a MiLogin account, click Create an Account.

Need Help using MiLogin? Contact DTMB Client Services 1-877-932-6424

Using the Michigan Immunization Portal

Review the **Information from your Photo ID** section to check for errors.

The Address **MUST** match what is in MCIR or the portal will **not** locate a record.

Confirm or enter in the correct address.

Note: You do not need to enter your SSN or Phone Number. No other fields can be edited except the Address field.

Check the box to certify your information is entered correctly and truthfully.

Check the box next to “I’m not a robot”.

Click **Get My Immunization Record**.

This screenshot shows the 'Information from your Photo ID' form. Fields include: First Name, Middle Name, Last Name, Sex, Date of Birth, Document Number, Expiration Date, and State where ID was issued. A purple arrow points from the 'Address' field in the next screenshot to the 'State where ID was issued' field in this one.

This screenshot shows the same form with the 'Address' field highlighted by a purple box. The address entered is '123 NORTH STATE ST LANSING, MI 48918-0000'. Below the address field, there is a section for optional information: 'The information requested below is optional. Adding this information will increase identity search accuracy, which may increase success in locating your Immunization Record.' Fields for SSN and Phone Number are present. A purple arrow points from this section to the next screenshot.

This screenshot shows the bottom of the form. It includes a certification statement: 'I certify the information I provided to access my State of Michigan Immunization Record is true and correct to the best of my knowledge. I also understand that any false statements or deliberate omissions on this form may subject me to legal actions for fraudulent misrepresentation.' There is a checked checkbox next to this statement. Below it is a reCAPTCHA 'I'm not a robot' checkbox, which is also checked. A purple arrow points to the 'Get My Immunization Record' button. At the bottom, there is a footer with 'Copyright 2021 State of Michigan' and 'Version 20230809 1'.

How to Read Your State of Michigan Immunization Record

Your immunization record provides a history of all the vaccines reported to the Michigan Care Improvement Registry (MCIR). The MCIR is an immunization database that documents immunizations given to individuals receiving immunization care in Michigan. If you were born before December 31, 1993, your childhood vaccines may not be entered in our system. If you have medical documentation of your childhood immunizations work with your healthcare provider to update your immunization record in the MCIR. Connect with your health care provider if you have any questions or concerns regarding your immunization record information.

This is a list of vaccines recommended for adults. You will see more on your record if your childhood vaccines were recorded in the registry.

STATE OF MICHIGAN DEPARTMENT OF HEALTH AND HUMAN SERVICES										As of: July 06, 2021			
Official State of Michigan Immunization Record													
MCIR ID#: 0000000000		Name: Test, Person			DOB: 08/27/1977		Age: 43 Years 10 Months

Tuberculosis	03/09/09 Tuberculin												
Pneumococcal Adult	02/11/11 PPSV23 (Pneumovax)												
2009 H1N1 Influenza	10/27/09 H1N1-09 (Inject)												
SARS-CoV-2	12/29/20 COVID-19 (Pfizer)	01/19/21 COVID-19 (Pfizer)											

The status column indicates if you are eligible, or overdue for recommended vaccine(s) and suggests a timeline to be immunized. *see Status Definitions

These columns include each date the vaccine or vaccine series was given to you and recorded by a health care provider.

STATUS DEFINITIONS:

- **Eligible:** A dose in this series can be given now.
- **Complete:** All recommended doses in this series have been received. No further doses are recommended.
- **Immune:** Indicates person does not need this vaccine because they already have non-vaccine related immunity to the disease the vaccine prevents.
- **Overdue:** Vaccine is past the recommended date for the dose of vaccine, it is recommended to contact your healthcare provider.
- **Up to Date:** Additional doses recommended in this vaccine series, but it may not be time for your next dose.
- **Accelerated Date:** The earliest date the vaccine may be given to catch-up a person that may be more than one month behind the immunization due date.
- **Consider:** Health care providers considering giving a vaccine dose to their patient based on age and risk factors
- **Discuss/Due now:** Health care provider encourage to discuss with the patient about risk of disease and benefit of vaccination and then based on clinical decision the patient may receive the vaccine.

Immunization Record Not Found

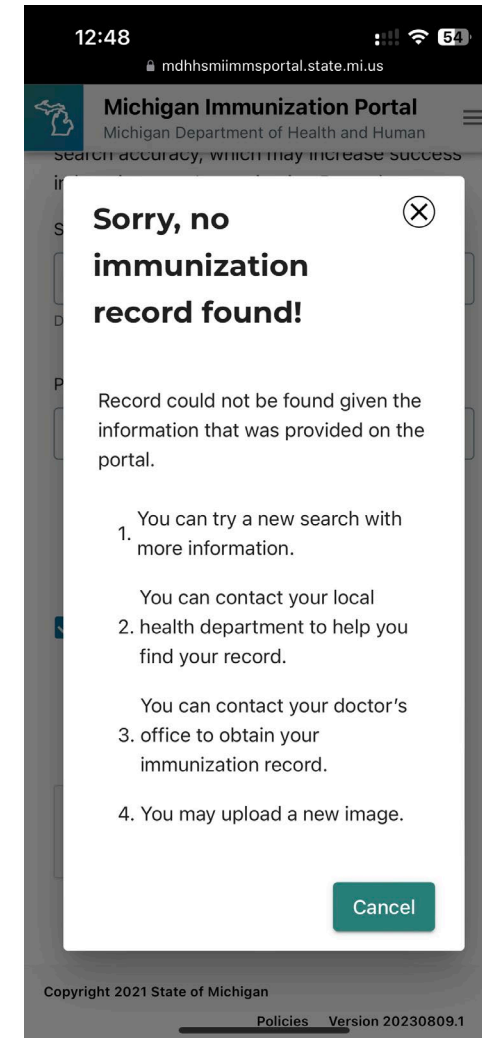

If the search was unsuccessful, a new window will pop-up saying the record could not be found.

Double check that the address you have entered is correct, and that none of the populated fields from your ID have errors in your name or date of birth.

If your ID picture is unclear/blurry, try uploading a retaken picture. Alternatively, use another form of ID if you have it.

Remember, your name and address on your ID must match what is in MCIR.

If your record still cannot be found, contact the MCIR Help Desk for troubleshooting at 888-243-6652. The Help Desk can also confirm if the name and address in your MCIR record is the same as your ID or check for duplicate records that may cause this error.

Need Help using MiLogin? Contact DTMB Client Services 1-877-932-6424

Need Help with MCIR? Contact MCIR Help Desk 1-888-243-6652

Alternate Ways to Locate Your MCIR Immunization Record

There are multiple options for getting a copy of your MCIR record without using the portal.

1. Request a copy from your county's [Local Health Department](#).
2. Request a copy from your physician.
3. Submit an [Official State of Michigan Immunization Record Request](#) (non-Michigan residents must use this form).
4. Completed requests along with required ID photocopy can be faxed to 517-335-9855, emailed to MDHHS-ImmunizationRecords@michigan.gov, or mailed to MDHHS Immunization Program, PO Box 30195, Lansing, MI 48909. Please allow up to 14 business days for processing – a copy of any records will be mailed.

Missing Immunizations on MCIR Record

If there are immunizations missing from your record you received **recently**, contact the provider or pharmacy who administered the immunization to confirm it is uploaded to MCIR.

MCIR may not include all **childhood** immunizations if you received them prior to December 31, 1993 - all immunizations administered to a child under 20 after this date are required to be reported to MCIR within 72 hours. If you need help adding immunizations to your record, contact your physician or [Local Health Department](#). The LHD can also help input vaccine records into MCIR from other states or countries with proof/documentation.

Check with your previous health care providers, schools (preschool – college), past employers, or family records to locate old immunization records.

Note: MCIR requires the reporting of childhood vaccines through age 19 years, and highly recommends the reporting of adult vaccination records. Not all records may be in the registry.

Tips for Finding Old Immunization Records

Your immunization history is important. Immunization records are needed at doctor visits and to meet childcare, summer camp, and school (including college and post-secondary training and education) immunization requirements. Your records may be needed for a job or international travel. If you have a copy of your immunization record, keep it safe. If the record is lost, it can be a challenge to replace. Here are some tips on how to find old immunization records.

Where to look for old immunization records?

- **Family Records:** Look through family records, such as baby books. Remember to look through old papers, such as camp and medical forms.
- **Doctor Offices or Clinics:** Check with all previous health care providers, including the local health department, where immunizations may have been given.
 - Don't forget that sometimes when a physician retires or the medical practice changes hands, old patient records may be stored electronically or in a storage unit. It may be possible to obtain records, for a fee, from the company.
- **School (including preschool through college) or Childcare Provider:** Schools and licensed childcare providers must verify immunizations for students. Check schools or any childcare provider that was attended, to see what immunization records have been kept. For some teens, vaccines are required for college entry. Don't forget to check colleges attended to see if any records have been kept.
- **Previous Employers:** Check with previous employers (including military) that may have required immunizations in an employee personal file.
- **An Immunization Registry (immunization information system):** The Michigan Care Improvement Registry (MCIR) for Michigan is a confidential, computerized system for storing immunization records. The registry has the ability to collect reliable immunization information and gather vaccine history from multiple providers.

What immunization records are in the Michigan Care Improvement Registry (MCIR)?

Immunization records have been stored in the MCIR since 1994. MCIR is a lifespan registry. MCIR requires the reporting of childhood vaccines through age 19 years, and highly recommends the reporting of adult vaccination records. Not all records may be in the registry.

How to obtain an immunization record through MCIR?

Information about how you can find MCIR immunization records can be obtained from your physician, local health department, or MCIR website www.mcir.org. Computerized immunization records for Michiganders are easy to find with MCIR. The registry provides a complete history of immunizations to help get needed vaccines at the right time and provides printed immunization records that can be used for things such as but not restricted to daycare, school, or camp registration. If you have been [immunized](#) in the State of Michigan, you may be able to download your Immunization Record from the Michigan Care Improvement Registry (MCIR). Immunizations given in another state may require contacting the registry in that state, in order to get a complete record. A list of registries can be found at www.cdc.gov/vaccines/programs/iis/contacts-locate-records.html#state.

What do I do if I can't find my record?

You and your provider will discuss the next steps towards updating your immunization status. No national registry maintains this information. So, if immunization records are lost or not available, you or your child may need to repeat vaccine doses.

What to do if you find your record? Congratulations! Now you should take the records to your provider or local health department and ask them to document this information on an official record, and, if possible, in the state or local immunization registry. Many schools, camps, etc., will accept only this type of "provider-verified" record because this ensures the information has been verified by a medical professional. Be sure to keep a copy with your home records and place all your supporting documentation in a safe place where you can find it. It is a good idea to take a picture of records with a smartphone or scan and save a copy electronically.

For more information or updates to this handout refer to the Michigan Department of Health and Human Services Division of Immunization website at www.michigan.gov/immunize or the Michigan Care Improvement Registry (MCIR) at www.mcir.org

Local Health Departments and Immunization Records

The [Local Health Department](#) (LHD) can help you:

- Obtain a copy of you or your child's immunization record.
- Submit requests to modify your immunization record for legal name changes, address updates, spelling or date of birth corrections, or combining duplicate accounts.
- Update your record if you have proof of missing vaccinations.
- Interpret your immunization record and identify upcoming or overdue vaccines.
- Input (or translate) your out-of-state or international immunization records into MCIR with proof/documentation.
- Learn the immunization requirements for schools and childcares for your child.
- Provide vaccines to you or your child (many LHDs have programs to provide low/no-cost vaccines with or without health insurance, call to determine eligibility requirements).
